Key messages and next steps: 'Learning with' GUI, 'Learning with' LGBT+ youth

Key messages

There is rich 'learning with' LGBT+ youth

- Recognises youth social and cultural capital
- Draws on youth expertise alongside complementary expertise

GUI shows the value of this approach:

- commitment to inclusion of SOGI questions in future Waves
- openness to change and develop improved question wording

There is a pressing need for SOGI data collection in the Census / national surveys

Next steps (watch this space!)

- **Nerilee Ceatha has CSO approval for:**
 - Comparative analyses of Cohort '98 at 17-18 & 20 years
 - Potential cross-cohort analysis of Cohort '98 and Cohort '08 at 17-18 years
